Tom Sluder

Tom Sluder
Field Director

Located in Atlanta, Tom is Field Director with Competent Staffing Resource, Inc. He is responsible for job placement, customer relations, review of detail job requirements, contractor screening and interviews, supporting other Field Directors, and directing client projects in the field. In addition, Tom prepares formal cost and time estimates for customers on large region wide projects and contracts.

Tom joined CSR in September 2000. His areas of expertise are Transport Tier 2 Technical Support, Special Services Center Management, personnel development, and Data Communications. He retired from BellSouth after 35 years of various craft, management and equipment engineering positions. Tom developed and implemented the first regional tier two data technical support group in BellSouth. He served as a process team member to develop and implement the Data Customer Support Center for fast packet data services (Frame Relay, ATM, SMDS). Tom also served as technical advisor to the BellSouth test set approval team.

Tom has a Bachelors Degree in Mathematics from the University of North Carolina at Asheville.
